

AMENDMENTS TO THE SPECIFICATION:

Please amend the specification as follows:

On page twenty three (23) of the as-filed specification, please insert the following paragraph between lines 21 and 22:

Figure 3 shows a plot of the modulus of elasticity (E') vs. temperature (°C) for (A) a commercial single coating DeSolite® 3471-3-7 (DSM) and (B) a single coating obtained by mixing 63% of commercial primary coating DeSolite® 3471-1-129 (DSM) and 37% of a commercial secondary coating DeSolite® 3471-2-136 (DSM).
